Mozart: 59 Fascinating Facts For Kids About Wolfgang Amadeus Mozart Wolfgang Amadeus Mozart was probably the most gifted musician who has ever lived, having a musical talent that can only be dreamed of. He was not only a great classical composer, but also a great pianist who astonished the audiences of his time with his skills. Unlike some composers, Mozart had little interest in developing new types of music, but just wanted to write as close to perfection as possible. Many people would argue that he achieved perfection. But in spite of his astonishing gifts, Mozart

was just a human being like the rest of us. He could be arrogant and rude and was not a particularly attractive man. But he wrote music unlike anything that had been heard before and it is still admired today, over 200 years since he died. Andrew Gibbs gives you a comprehensive list of facts about Mozart, explaining the important accomplishments and events in his life. Reading a complete biography can be daunting for a youngster, but Gibbs presents Mozart's life in 59 easy to understand segments. We hope that the facts about Mozart in our book will fascinate you and motivate you to discover even more about this famous composer and his remarkable music. Chapters: \* Introduction \* Early Life \* A Tour of Europe \* Paris \* Back to Salzburg \* Vienna \* Marriage \* Meeting Haydn \* Fame and Money \* Money Problems \* The Last Year \* Mozart's Death \* Conclusion.
