"Pressestimmen 'This book embodies the essence of Demetri's comedy to perfection, which is a good thing since he wrote it. Silly but incredibly smart, it's exactly what puts me in awe of his work.' -**Will Ferrell** 'When I first saw *Important Things With Demetri Martin*, I said to myself, 'this is the funniest thing ever.' I was wrong. *This Is A Book* is better.' -**Malcolm Gladwell**, author of *Outliers: The Story of Success* 'This book is so funny I forgot to laugh. I know that sounds like a childish criticism, but I mean it literally: This book is so funny, I forgot a whole bunch of things--who I am, what I stand for, large chunks of my childhood, my sense of equilibrium, how to fall asleep, and when I'm supposed to laugh at things.' -**Chuck Klosterman** 'Demetri Martin has a very funny and original mind. If I could draw a graph explaining how funny and original he is, I would. But I don't do that. Demetri does that.' -**Conan O'Brien** 'Throughout, Martin jokes in many guises, silly one moment, barbed the next, and he achieves a satirical brilliance.' -**Publishers Weekly** 'The best [material] would be at home in one of Woody Allen's classic books...Martin has energy to burn.' -**Kirkus** Über den Autor und weitere Mitwirkende Demetri Martin rose to relative obscurity when he started doing stand-up comedy in New York City at the end of the 20th Century. Later he became a writer at Late Night with Conan O'Brien and then a regular performer on The Daily Show with Jon Stewart. In 2003, Demetri won the Perrier Award at the International Fringe Festival for his first one-man show, If I. He released a comedy album called

These Are Jokes and then created and starred in his own television series called Important Things with Demetri Martin. His first stand-up comedy special, Demetri Martin. Person is considered by many to be his longest and only hour-long stand-up comedy special. Martin has appeared in movies as an actor, most recently in Steven Soderbergh's Contagion and most lengthily in Ang Lee's Taking Woodstock. His first book, This Is a Book by Demetri Martin is a New York Times Bestseller. Demetri has brown hair, and he is allergic to peanuts.
