"Pressestimmen 'Gripping and action packed' (Chris Ryan) Über den Autor und weitere Mitwirkende In a lengthy career spent as an instructor and operator within the Met's elite specialist firearms units, Tony Long participated in hundreds of groundbreaking armed operations against the UK's most hardened criminals, earning him many commendations and forcing him on several occasions to resort to lethal force. Labelled a 'serial killer' by Scotland Yard bosses, in 2015, facing a potential murder conviction for the death of an armed drug dealer, he fought to maintain his dignity and clear his name. Tony retired from the force after 33 years and now works as a security consultant."

police use of deadly force in the united states

June 5th, 2020 - in the united states use of deadly force by police has been a high profile and contentious issue police killings are one of the leading causes of death for young men in the united states 1 in 2 000 men and 1 in 33 000 women die as result of police use of deadly force the risk is highest for black men as approximately 1 in 1 000 black men can expect to be killed by police
